

TWENTY SIX

The **Noordic 26** is designed for those who crave performance without compromise. Built for coastal runs, island hops and lazy afternoons offshore, she's compact, powerful and unmistakably Noordic

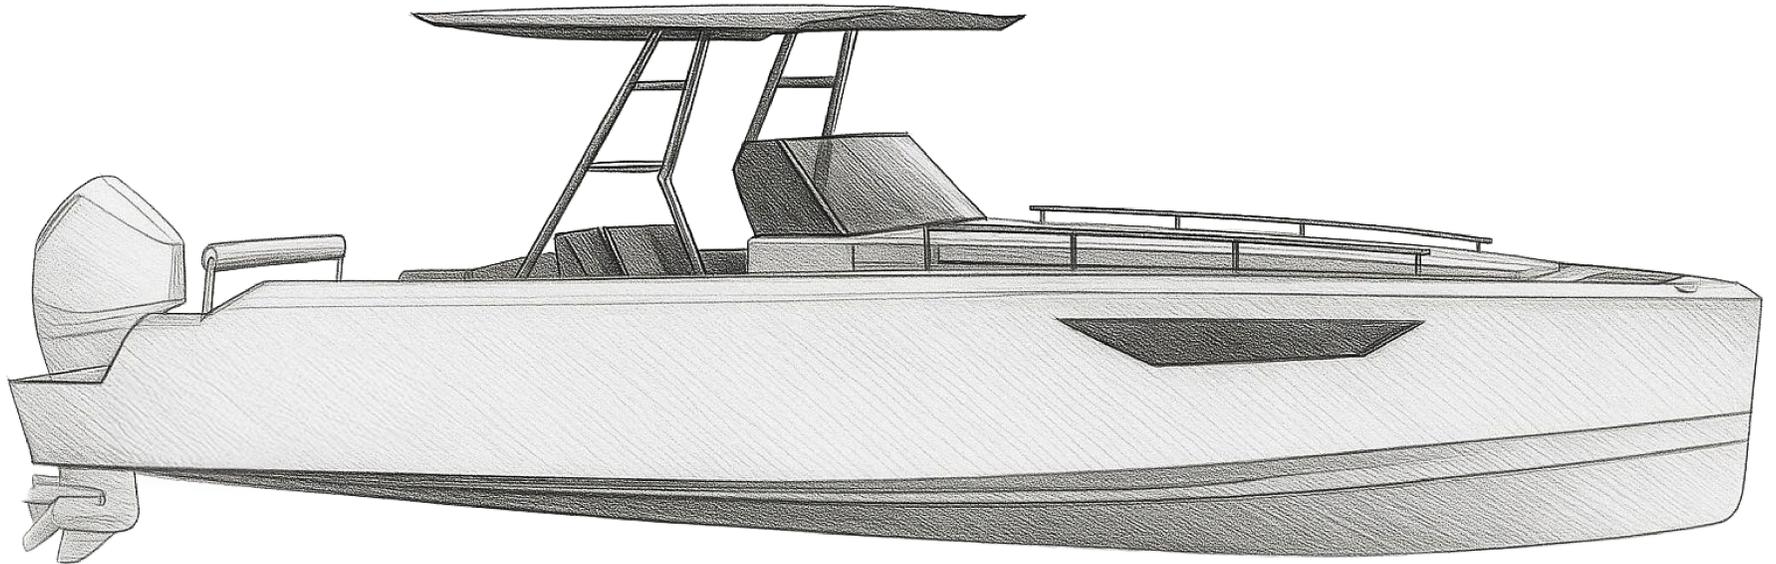

The new ultra-wide chart plotter dominates the helm with clarity and precision, while the re-engineered late T-top adds bold lines and broader shade for tropical cruising. Below deck, a cabin welcomes overnight explorers with surprising space and comfort

Innovation isn't just on the surface — it's in every wire. With remote monitoring and control, you can manage lights, pumps, fridges and systems directly from home

After a day under the sun, the new waterfall shower rinses the salt away in style, a small touch that says a lot about our attention to the journey as much as the destination

SPECIFICATIONS

 2.5 m  7.8 m

PROPULSION	MERCURY 300 HP VERADO
CRUISING SPEED	25 KN
MAXIMUM SPEED	40 KN
FUEL CAPACITY	400 L
WEIGHT	1.9 TON
